

RESOLUTION NO. 86- 158

A RESOLUTION REVISING THE MONTHLY SERVICE CHARGES FOR USE OF THE DELTA CITY SEWER SYSTEM.

RECITALS

The City Council of the City of Delta, Utah, (referred to herein as the "City Council") hereby recites the following as the basis for adopting this resolution:

A. The Delta City sewer utility funds have experienced significant increases in maintenance and operation costs since establishment of the present rates. The City Council has determined through preparation of the Delta City Fiscal Object Budget for fiscal year 1986-87 that the sewer utility operation and maintenance funds will therefore incur a significant deficit during current fiscal year unless rates for sewer use are increased.

B. The City Council has heretofore established and desires to confirm a policy that sewer charges, to the extent possible, should be structured such that each user or class of users of the sewer system are required to pay an equitable amount for the benefits received by them based on the cost of operation, maintenance and depreciation of the sewer systems.

C. The City Council has determined, through records and other information made available to it by the City sewer department, that certain adjustments should be made to sewer system user fees to provide for more equitable allocation of such costs among users.

d. Section 14-216 of the Revised Ordinances of Delta City (1981 edition), as amended, provides that the City Council may establish and change sewer service rates by resolution.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Delta, Utah:
